DICOM Setting

※ **Please be sure to confirm with the sales department whether you have purchased and activated the DICOM authorization.**

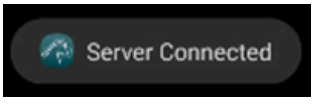

1. Setting up DICOM:
   - Step 1: Click on the **Menu** icon in the top left corner.
   - Step 2: Select "**SETTINGS**".

   - Step 3: Click on the edit icon next to "**Export Remote Folder**" 
   - Step 4: Enter the necessary information in the respective fields.

   - Step 5: Click "Echo" to verify the connection with PACS.

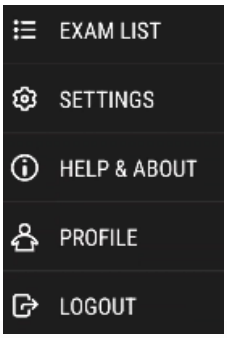

After confirming the connection to the server, click "Save" to save the settings.

※ **It is recommended to work with IT personnel to verify IP and encoding, etc.**

※ **If you have any other questions, please contact the sales team or the manufacturer for assistance**.

Upload to DICOM

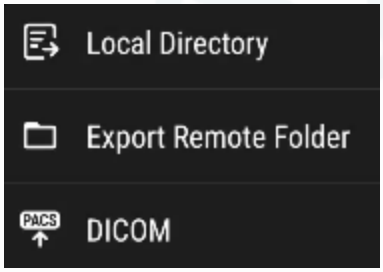

1. Upload the examination to PACS:
   - Step 1: Click on the **Menu** icon in the top left corner.
   - Step 2：Select “**EXAM LIST**”

   - Step 3: Long-press the examination to upload or click "Select" below to choose.
   - Step 4: After selecting, click "Export" below.

   - Step 5: Select” DICOM”.

※Before uploading on the iOS system, please ensure that you are connected to the same domain as the DICOM Server.

2. Upload Status

：Uploading to PACS.

：Uploaded to PACS.

：Upload failed.

：Partial image data upload failed.

：DICOM functionality not activated, please contact the sales team.

※ **Using Wi-Fi for transmission may be less stable and slower, especially when using uncompressed and video formats, it may take longer to upload.**
